

guaranteed ride home

never be stranded

iCommute will get you home. It's guaranteed.

With Guaranteed Ride Home, commuters who carpool, vanpool, take an Express Bus, ride the COASTER, or bike to work three or more times a week have a built-in safety net. The program will get you home if you have an emergency or have to work unscheduled overtime. Rest assured, you won't get stranded at work.

What is the Guaranteed Ride Home program?

If you get stuck at work, iCommute, the San Diego Association of Governments' commuter program, will provide you a ride home for only a \$3 co-pay. Commuters who carpool, vanpool, bike, take the COASTER, or ride the Premium or Express Bus service at least three times a week are eligible.

You will get a ride home in a taxicab or rental car depending on how far away you live from work. (Should you need a rental, you will need to meet certain requirements.)

You can receive a ride home if:

- you have a personal or family emergency or illness
- you have unscheduled overtime (supervisor's approval required)
- you are stranded at work due to your carpool or vanpool driver leaving for an emergency

Who's eligible?

To be eligible for this service:

- You must be employed in San Diego County
- You must commute a minimum of three times per week by carpool, vanpool, Premium or Express bus service, COASTER, or bike.
- Trolley, SPRINTER, and bus commuters are not eligible for the Guaranteed Ride Home program due to the high frequency of these services.

If you meet these requirements, you should sign up for the Guaranteed Ride Home service. You can use the service up to three times a year. Please don't wait until you need a ride home! You must be signed up for the program prior to using the service.
