

# Commute measures up

In fiscal year 2015, iCommute participants made choices that reduced car dependency, vehicle energy consumption, and emissions – all of which had a positive impact on traffic, the environment, and public health in the San Diego region. **Here's how it all adds up:**

**\$78,357,539**  
saved on vehicle  
operating costs

**12,295,259**  
calories burned by  
walking and biking

**136,371,150**  
vehicle miles  
not traveled

**72,627**  
tons of CO<sub>2</sub>  
emissions  
avoided

**900,661**  
adult LEGOLAND tickets

**136,371,150**  
races at the  
Del Mar Fairgrounds

calories burned on  
**6,682** rounds of  
golf at Torrey Pines

**4,471,185**  
trips between  
the San Diego Zoo  
and the Safari Park

**3,794**  
Julian  
apple pies

calories burned  
from  
**25,092**  
hikes up  
Cowles Mountain

the weight of  
**528,196** giant  
pandas at the San Diego Zoo

**2,000,110,200**  
home runs in Petco Park

**5,682,131**  
trips on the Bayshore Bikeway
