 \*\*Park & Ride parking Monday-Friday only

## Commute

### carpool

Carpooling is an easy way to instantly reduce your commuting costs by 50 percent or more. If you don't know where to find a carpool partner, ridesharing apps like Waze Carpool, uberPOOL, and Lyft Shared have you covered. Learn more at [511sd.com/Commute](http://511sd.com/Commute).

### vanpool

The SANDAG Vanpool Program provides a comfortable, cost-effective, and convenient way for groups of five or more people to get to work in and around the San Diego region. The average participant spends less than \$100 per month to get to work. The SANDAG Vanpool Program even provides a subsidy of up to \$400 per month to offset the lease price. Learn how to start or join a vanpool at [VanpoolSanDiego.com](http://VanpoolSanDiego.com).

### transit

Taking public transportation helps you beat traffic, save money on gas, and ease the stress of your daily commute. Park at a transit station or Park & Ride lot and get on board the bus, Rapid, Trolley, COASTER, or SPRINTER. Transit passes are available on Compass Cloud, which can be purchased from your smartphone, or Compass Card, available at select Albertsons and Vons stores in San Diego County. Visit [511sd.com/compass](http://511sd.com/compass) for more information.

### secure bike parking

GO by BIKE to close the gaps in your commute. Secure bike parking facilities are available throughout the region to make your trip a little easier. They keep your bike safe while you take transit or share a ride to work. To find out which Park & Ride lots have bike parking, check the list on this map. There is no fee to use bike parking facilities — just a small, refundable deposit. To sign up for bike parking or get more information on bike commuting, visit [511sd.com/Commute](http://511sd.com/Commute).
